From the Principal

Each year Education Queensland State Schools publish a School Annual Report of both student and whole school performance across a range of priorities and activities from the previous school year. This report is a summary of the Kedron State School journey for the 2019 school year and an opportunity to reflect on the progress made by the school against performance goals and targets.

Kedron State School boasts a strong tradition of community investment and productive partnerships with teaching teams. This collaboration has had a positive impact on student learning outcomes and a unified commitment to the school's vision – **Connecting every learner, every day in every way for success**

We are very proud of the work of our students, staff and community ensuring our daily focus remains on nurturing a true love of learning, developing confident and resilient young people who are well prepared for the next steps in their learning journey. We celebrate the success of the past and look with great optimism to the continued improvement and growth of our young learners.

This School Annual Report can be accessed on our school website <https://kedronss.eq.edu.au> or a hard copy is available on request from the school administration.

If you have any enquiries, please do not hesitate to contact the Principal at the.principal@kedronss.eq.edu.au

Yours in Education
Mrs Susie Randel-Kneipp

School overview

Kedron State School has been proudly serving the community since 1926. The parents and carers of our students take an active interest in the school as they believe that their contributions make a difference to the positive culture of the school and ultimately the educational attainment of the students. Kedron State School adopted the National Curriculum in 2012. The foundation of our Prep to Year 7 curriculum, in the areas of English, Maths and Science, is now the Queensland Government's National 'Curriculum into the Classroom' (C2C). At Kedron we adapt these curriculum documents in a number of ways. Firstly, at a whole school level to ensure that we are providing a curriculum that is differentiated to meet the learning needs of the students in our local community right down to the class planning level to ensure that the curriculum is adjusted to further support or extend the learning of individual students in each class. Although the school has a strong focus on embedding the foundations of literacy and numeracy, we also provide opportunities for students to participate in a range of activities that are part of our Enrichment Program. The Enrichment Program aims to cater for and encourage the use of our students' diverse range of intelligences. We are particularly proud of our music program which caters for both Strings and Instrumental Music through both lessons and performance. Our teachers are dedicated to developing their knowledge and skills to ensure that as a school we can be continually developing and improving to meet the learning needs of our students. In a fast-paced, technological world, we are also aware of the need to successfully integrate the use of technology into the curriculum. Kedron State School is focused on meeting the needs of the community that it serves. We have invested time and energy into developing the school as a 'hub' in our community for students to access and engage in a range of fun and safe after-school activities especially in the areas of The Arts and Physical Activity. With a growing enrolment approaching 450 students, Kedron State School offers its community a caring and safe environment to learn.

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	26	24	22
Year 4 – Year 6	24	25	26
Year 7 – Year 10			
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	1	9	5
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	134,202	128,400	137,517
Water (kL)	1,657	1,874	3,636

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a search bar containing the text "Search by school name or suburb". To the right of the search bar are three dropdown menus labeled "School sector", "School type", and "State", each with a downward arrow. A magnifying glass icon is located to the right of the "State" dropdown.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

(a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or

(b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or

(c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
